

Name _____

Letter Identification Memory
Lowercase Letters

Instructions:

1. Cut out letter cards.
2. Mix cards up and turn them over face down.
3. Play with a partner.
4. Take turns turning over 2 cards and saying the letters.
If the two letters match and you can name the letter, you keep the cards and get another turn. If the two cards don't match or you can't name the letter, turn them back over and it's your partner's turn.
5. When all matches have been made, count your matches to see who collected the most matches.
6. The partner with the most matches is the winner.

Enrichment:

1. When a player gets a match, have that player say the name and sound of the letter and something that begins with that letter.
2. Add last week's letters to this week's letters to play with more cards.
