Lowercase Letter Ladder Instructions

Instructions:

1. Cut out the Lowercase Letter Ladder game cards.
2. Mix cards up and turn them over face down in one pile.
3. Play with two players.
4. Use a penny, dime or other small object for a counter.
5. Take turns drawing a card, reading the card and moving that number of rungs up or down the ladder. After moving, say the names of the letters you moved to in that turn. If a "lose a turn" card is drawn, do not move and it is the other player's turn. If a "go back to the bottom" card is drawn, go back to the bottom of the ladder.
6. The player who gets to the top of the ladder first is the winner.
7. Play may also continue until a player has climbed to the top of the ladder and then back down again.

Challenge: For an added challenge, have the player say the sound of the letter, the picture associated with the letter and/or the letter that comes before or after the letter they land on.
